Call for Abstracts 15th Jenner Glycobiology and Medicine Symposium

Abstract Regulations

With the submission of an abstract to EACR 2022 Congress, the first author (presenting author):

- Accepts responsibility for the accuracy of the submitted abstract;
- Confirms that all authors are aware of and agree to the content of the abstract and support the data presented;
- Warrants that the data and conclusions presented in the abstract have not been published in the same format and with the same title prior to the date of the congress;
- Identifies any financial interest in products or processes described in the abstract. This information is to be forwarded to the Scientific Committee together with the abstract;
- States that, for studies involving human or animal subjects, permission has been obtained from the relevant regulatory authority and properly informed consent given where appropriate;
- Gives permission for the abstract, when selected for presentation (oral or poster), to be published online by the Royal Society of Medicine on the Congress website as a PDF proceedings book.

Abstract Format

In order to be considered, an abstract should be prepared using the provided template (see below) and respect the following guidelines:

- The abstract must be submitted in good English. The Scientific Committee reserves the right to reject those abstracts, which are presented in poor English, or may request an immediate revision by the presenter;
- Abstract titles should be brief and should reflect the content of the abstract;
- Commercial names may not be used in the abstract title;
- The body of the abstract cannot exceed 2000 characters;
- Abbreviations may be used if standard or if spelled out and defined at the first use. Compounds should be mentioned with the generic name, in lower case. Commercial names are admitted in the text, with an ®, and if in brackets following the generic name, i.e. “generic (Commercial ®)”;
• Supplementary data or appendices will not be accepted;
- Figures or photographs are not allowed. Symbols and structures of drugs are allowed and should be drawn in black and converted to images and inserted as images.
